**Last Night I Dreamed of Peace** Dang Thuy Tram, 2007-09-11 At the age of twenty-four, Dang Thuy Tram volunteered to serve as a doctor in a National Liberation Front (Viet Cong) battlefield hospital in the Quang Ngai Province. Two years later she was killed by American forces not far from where she worked. Written between 1968 and 1970, her diary speaks poignantly of her devotion to family and friends, the horrors of war, her yearning for her high school sweetheart, and her struggle to prove her loyalty to her country. At times raw, at times lyrical and youthfully sentimental, her voice transcends cultures to speak of her dignity and compassion and of her challenges in the face of the war's ceaseless fury. The American officer who discovered the diary soon after Dr. Tram's death was under standing orders to destroy all documents without military value. As he was about to toss it into the flames, his Vietnamese translator said to him, "Don't burn this one. . . . It has fire in it already." Against regulations, the officer preserved the diary and kept it for thirty-five years. In the spring of 2005, a copy made its way to Dr. Tram's elderly mother in Hanoi. The diary was soon published in Vietnam, causing a national sensation. Never before had there been such a vivid and personal account of the long ordeal that had consumed the nation's previous generations. Translated by Andrew X. Pham and with an introduction by Pulitzer Prize winner Frances FitzGerald, *Last Night I Dreamed of Peace* is an extraordinary document that narrates one woman's personal and political struggles. Above all, it is a story of hope in the most dire of circumstances—told from the perspective of our historic enemy but universal in its power to celebrate and mourn the fragility of human life.

*Britain and the Puzzle of European Union* Andrew Duff, 2021-09-27 This book is a study of the complex relationship between Britain and Europe from the Second World War to the present day. Drawing on first-hand experience of British and European politics, the author highlights not only the dramatically shifting power play between London and Brussels but also the EU's own struggle to come to terms with its federal mission. He traces the important constitutional events that have fashioned the EU, of which the Brexit process is an outstanding example. The author proposes a number of constitutional

reforms which, if carried through, would form the basis of a new entente between the EU and the UK. Both polities will profit from stronger democratic government of a federal type. The author advocates spanning the divide between NATO and the EU. He proposes installing a new class of affiliate EU membership, which may be useful for the whole European neighbourhood, including the UK. Featuring the history, present and future of Britain's relationship with the European Union, the book will be of worldwide interest to students and practitioners of European integration, as well as diplomats and journalists. It is the first comprehensive manifesto for the future of Europe and Britain since Brexit.

In this groundbreaking book, authors Andi Stix and Frank Hrbek show teachers how to do just that by adapting proven coaching strategies in class. Students in extracurricular activities often have coaches, yet it is students in the classroom who are most in need of the motivation and support that coaches provide. In *Teachers as Classroom Coaches: How to Motivate Students Across the Content Areas*, you'll learn how to apply the same methods that professional coaches use to help students achieve more in all subjects and at all grade levels. These strategies, which have been used successfully in some of the most diverse classrooms in the country, can help to \* Ensure harmonious group work, \* Improve

organizational and note-taking skills, \* Overcome emotional and environmental roadblocks, \* Resolve conflicts among students, and \* Empower students by allowing them ownership of their work. In addition to the coaching strategies, the book provides sample assessment forms, student-teacher dialogues, real-life examples of coaching in action, and a wealth of cross-curricular project ideas. Whether you teach elementary, middle, or high school, and no matter the content area, this book has everything you need to fire up students' imaginations and get them engaged, inspired, and motivated to succeed.
